

S-2S meeting

Toshiyuki Gogami

後神 利志

20Aug2014

Contents

- S-2S 3D CAD
- WC detector
- Simulation for (K^-, K^+) experiment with SKS

Autodesk

2014 / 8 / 1 -

Autodesk CADは教育機関に対して無償で提供し始めた！

インストールの手順：

<http://www.autodesk.co.jp/adsk/servlet/pc/index?siteID=1169823&id=18437319>

Education communityに参加する (サインイン)

Student software (学生用) or Educator software (教員)

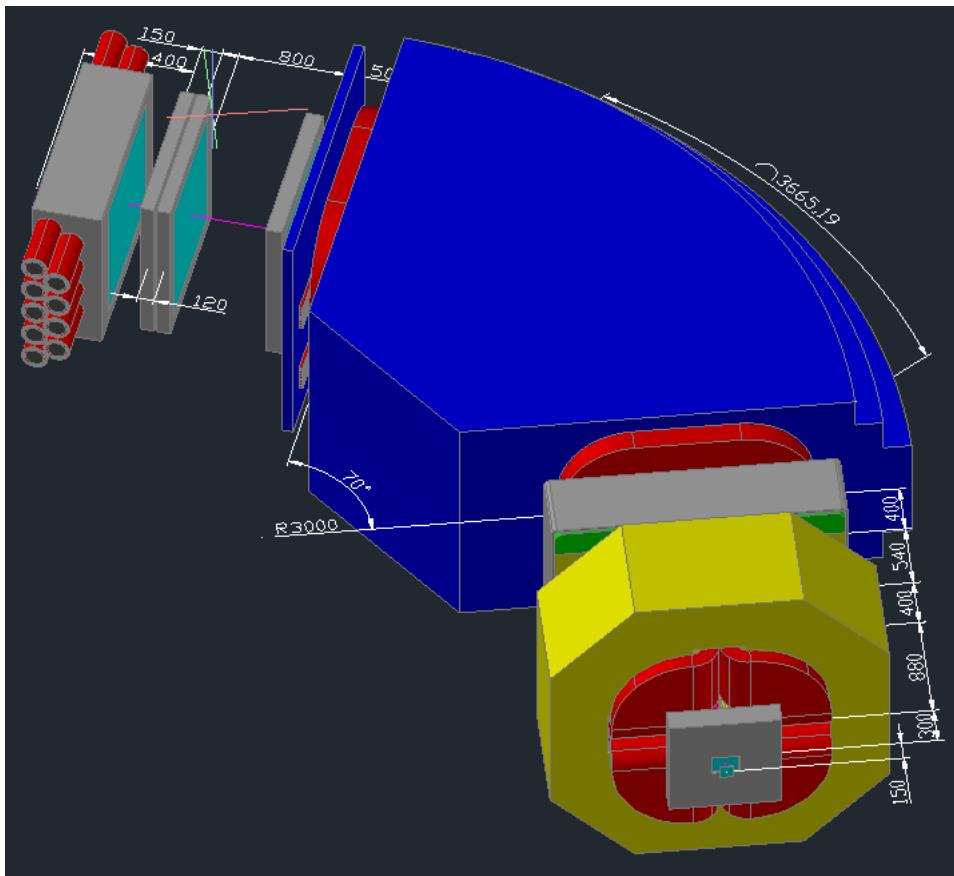

使いたいsoftwareを選ぶ (私の場合 Inventor Professional)

簡単だね～

S-2S 3D model

- 3D CAD model by T. Takahashi
--> [link](#) (dwg file)
- Trying to dwg to iam (ipt) for my own good.
読み取って描き直しを試みたが、どうも one commandで変換できるよう。

dwg file

Opened by Autodesk DWG TrueView 2015

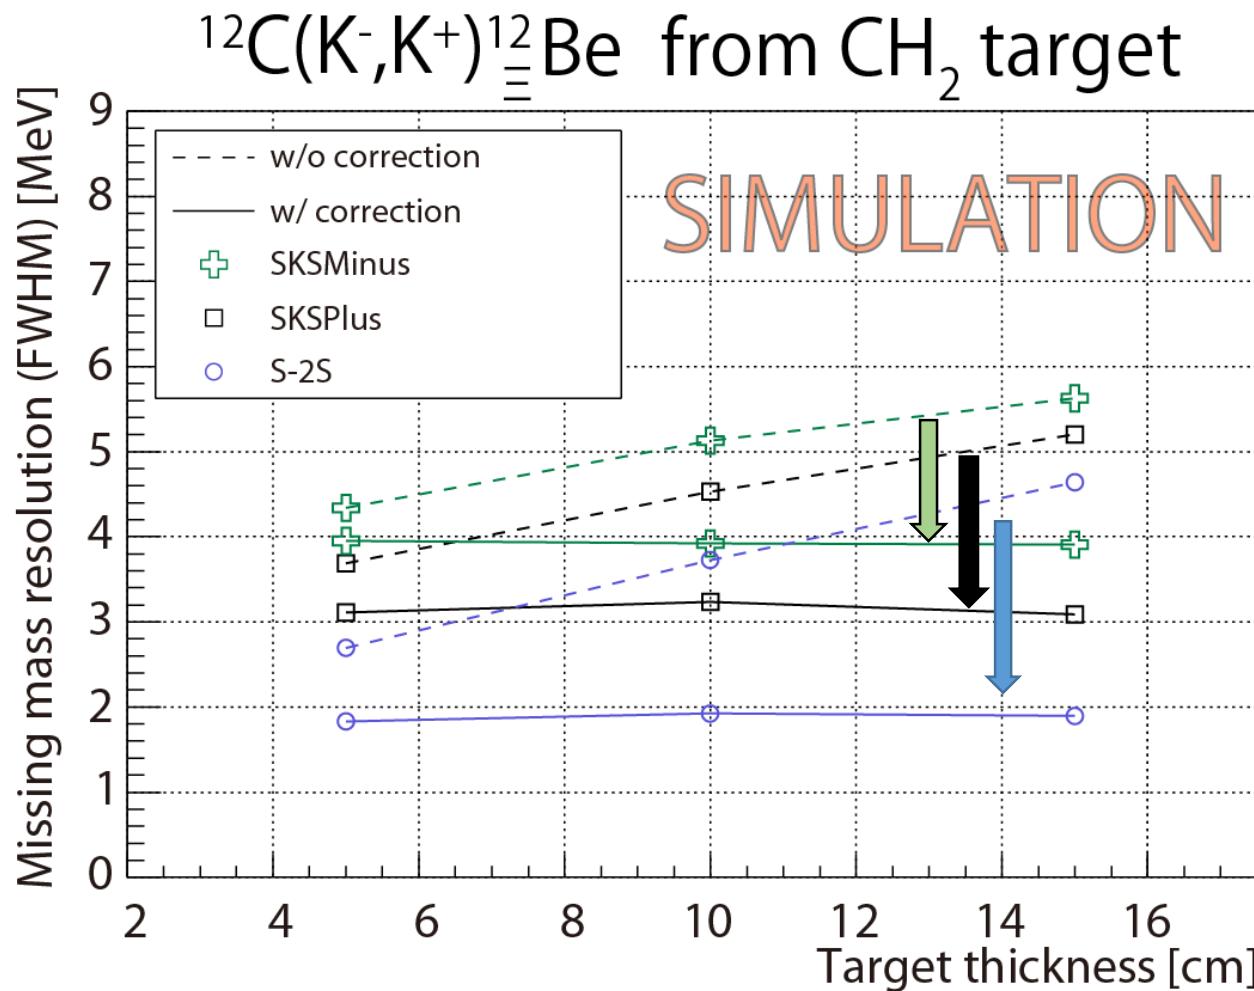

S-2S 磁石関係 → [参照](#)

Test experiment for prototype WC detector @ELPH

[Web page](#) has been updated.

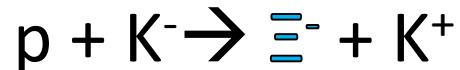

- ◆ Log note by K. Takenaka
- ◆ Corresponding table of PMT signals to ADC/TDC
- ◆ Run summary (to be updated)
- ◆ Pictures (by K. Takenaka and S. Kanatsuki)

Missing mass resolutions vs. Target thickness

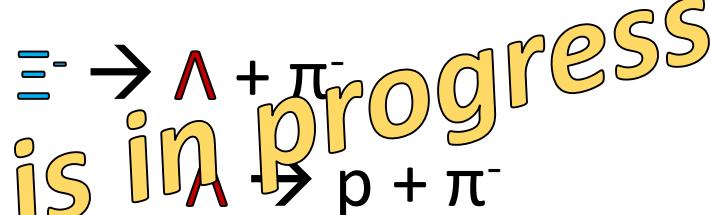

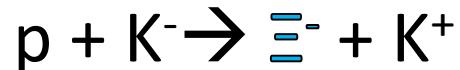

Effects of decayed particles on the energy loss correction

At first, elementary process is considered:

Effects of decayed particles on the energy loss correction

Coding is in progress

Summary

- S-2S 3D CAD
 - Dwg → iam (ipt)
- WC detector
 - Web page was updated
- Simulation for (K-,K+) experiment with SKS
 - Coding is in progress
